

ZOOM CLOUD MEETING APP CONFERENCE WITH PERSONAL MEETING ID AND MEETING PASSWORD

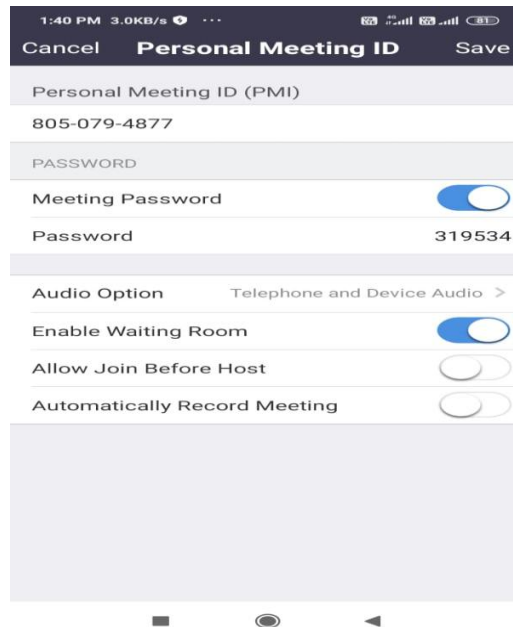

Step 1. Open the app.

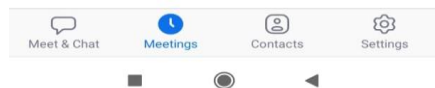

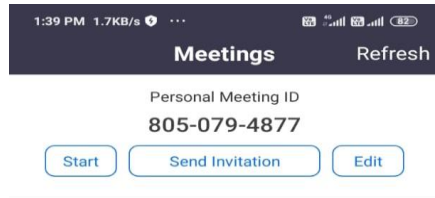

- Click on Meetings button from the App which is available in the bottom part of the App.

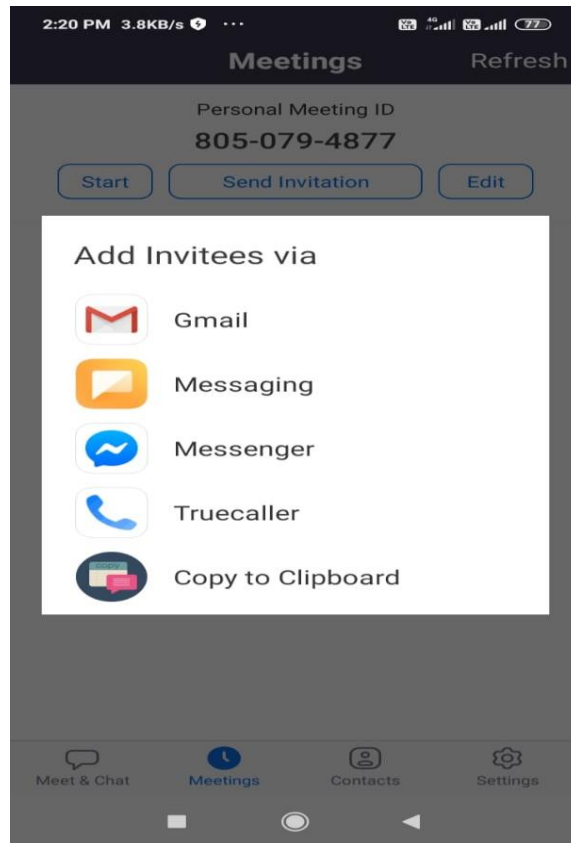

- Click on the Edit option available in the App and set all the required options as per the convenience. Meeting ID and Meeting Password is available on the edit screen which is required for the Conference.

- Participants for the conference may be invited in two ways.
 - I. By Sharing the Meeting ID and Meeting Password.*
 - II. By sending the link to all the participants by SMS or by email.*
- **I. By Sharing the Meeting ID and Meeting Password** - Share your Meeting ID and Meeting Password to the concerned participants so that they may join the conference.
- **II. By sending the link to all the participants by SMS or by email** –
 - Click on the “**Meetings**” of the App.
 - Then Click on “**Send Invitation**”.

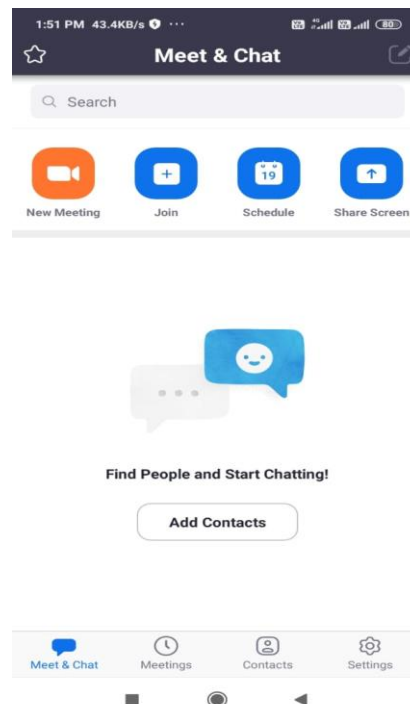

- After clicking on Send Invitation the screen will show like this –

- From this screen, link may be shared by SMS, Email, Messenger etc. to all the participants.
- *Please explore the “Setting” option of the Zoom Cloud Meeting App for the necessary settings before scheduling conferencing.*

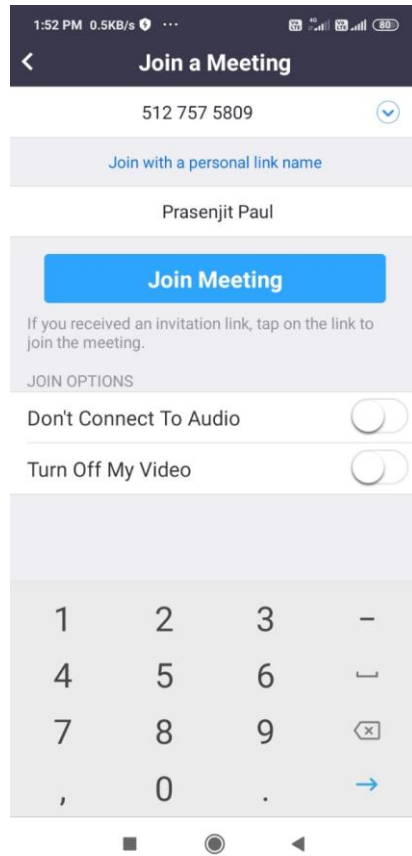

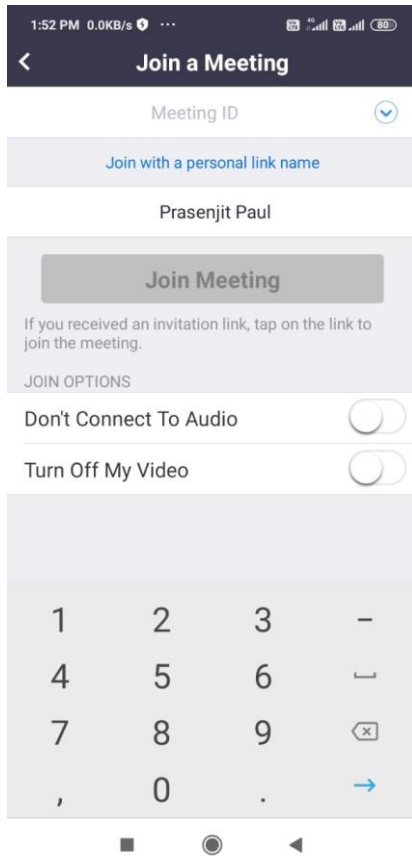

ZOOM CLOUD MEETING APP TO JOIN THE CONFERENCE BY THE PARTICIPANTS BY USING THE MEETING ID AND PASSWORD

- Participants from the other end must collect the “Meeting ID” and “Meeting Password” from the Parent User who is hosting the conference.
- After the collection of required credentials, the participants may open the ZOOM CLOUD MEETING App in their respective Mobile Phones.

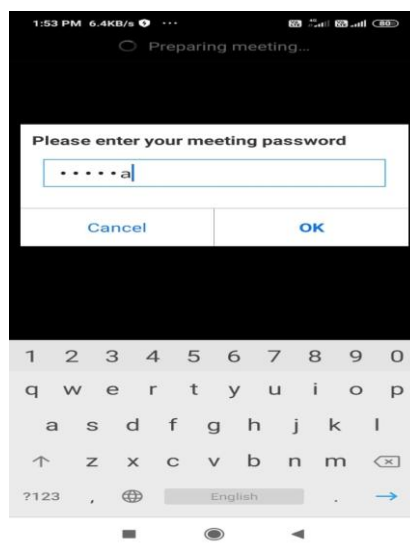

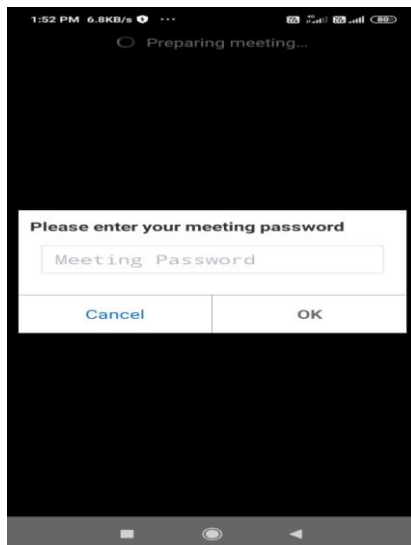

- Click on the Join option from the Zoom Cloud Meeting App.

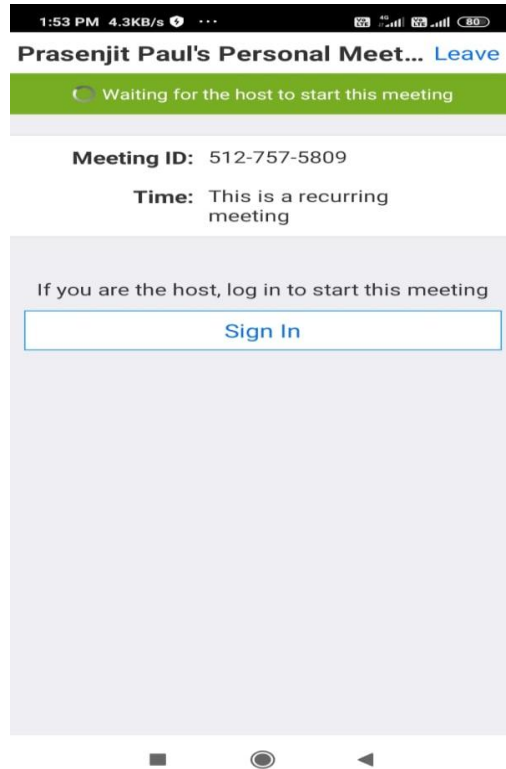

- The screen will look like this –

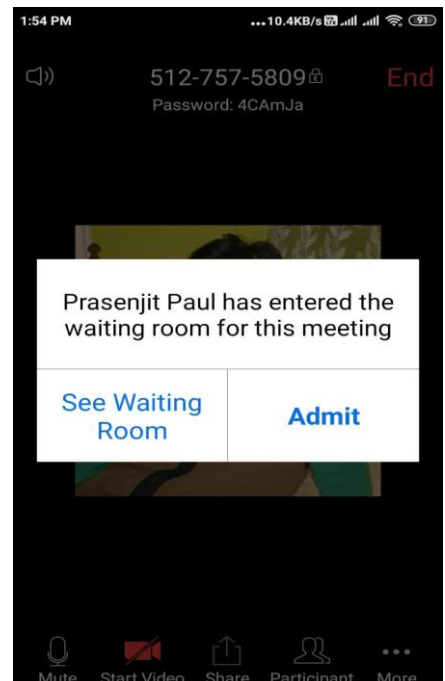

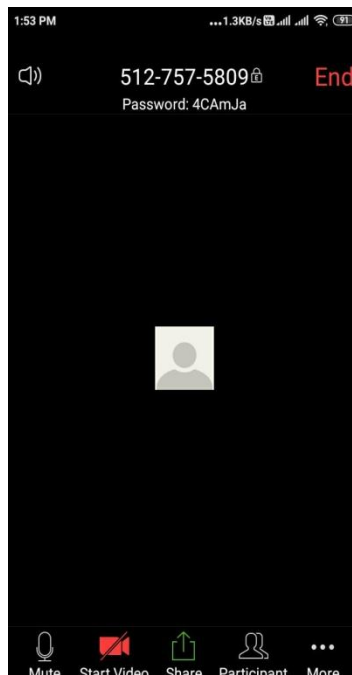

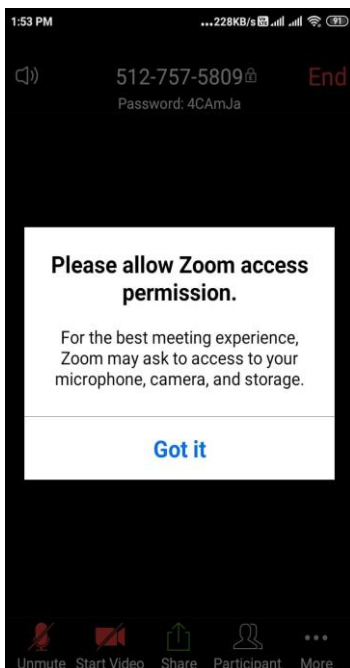

- Please provide the meeting ID and click on the “Join Meeting”. It will ask for the meeting password. Please enter the password and click on ok.

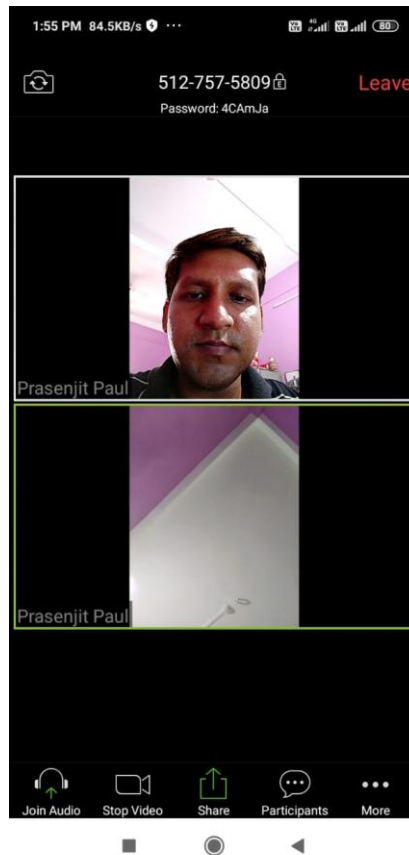

- After that the screen will be shown like this -

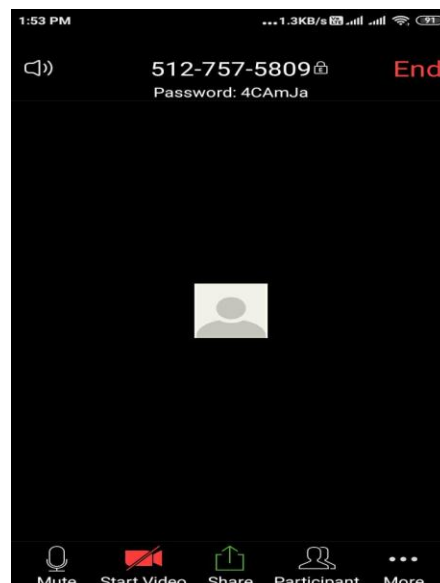

- Now authentication is required for each participant from the Parent User End which will be shown in the Parent User end screen. The screenshot will be shown like this -

- After the authentication all the participants will be shown in the mobile screen.

- Please use EAR PHONES/HEAD PHONES for the Zoom Cloud Meeting App.
- Please enable the audio feature and video feature of the Zoom Cloud Meeting App which is available in the bottom side of the App in the Conference screen.

- Participants may leave the conference at any time by clicking on the “Leave” option shown in the top right hand side of the conference page.
